Before you make an insurance claim . . . come see us first!

WHY? Because we can save you **BIG** money, **TIME** and the **AGGRAVATION** of going through the whole claims process.

The benefits to you are many!

With today's high insurance deductibles (\$500 to \$1,000) it is not in your best interest to make a claim unless it is over 3 times your deductible. In other words \$1,500 to \$3,000! Insurance is best saved for the major loss.

Coby and Greg Redfield

Lazer Frame Measuring Equipment

- No risk of an increase in your insurance premiums . . .
- No automatic reporting to Car Fax which can have an effect on the resale value of your vehicle . . .
- Your insurance premiums are likely to go down if you are classified as "claim free" for an extended period of time . . .

How does Redfield Collision Center do this?

By working with each individual customer to satisfy their needs and desires.

Example . . .

- If the \$350 headlamp assembly is cracked and we are able to use a special adhesive to hold it together so it functions properly, we've saved \$300 to start.
- If the fender is damaged beyond repair, we have our sales team spend a great deal of time price shopping for the best deal on a good quality used fender.
- If a panel is scratched and can be buffed and touched up so it doesn't look so bad, another tremendous savings!
- If a bumper cover is torn, hanging loose and looking bad, maybe a partial repair and touch up will make it look acceptable. Get the idea?

Who can really benefit from this service?

Everyone! From new drivers to those that have driven a lifetime!

Other features Redfield Collision Center offers with this program?
